M17

₹14,985,979

↑ ₹-7,140,668 vs previous month

Target: No target configured
Status: No target configured

Operating margin
M18

18.67%

↓ -8.49 pp vs previous month

Target: No target configured
Status: No target configured

Sources: M01, M04, M09, M11, M13, M16, M17 and M18 metric views; department targets from raw.kpi_targets.

Privacy: department metrics follow the minimum group-size rules built into the source metric views. Null or suppressed values are not treated as zero.

Interpretation: trends compare with the previous calendar month. No target is invented where kpi_targets has no configured target.
